### Letter of Recommendation on behalf of André-Paul Widera

To whom it may concern,

this letter of recommendation is written on behalf of Mr. André-Paul Widera, who has finished school this year with the German "Zeugnis der Allgemeinen Hochschulreife" (Abitur). As guidance teachers at the "Städtisches Engelbert-von-Berg-Gymnasium Wipperfürth" we have known Mr. Widera since August of 2017. As can be seen in his educational documentation, he has regularly achieved very respectable grades in his classes. As a result of his active participation and his reliable, motivated and continued contribution to several aspects of our school, we consider his achievement as remarkable.

André-Paul Widera has got a lot of strong points to offer to a potential future employer. He is able to work in a self-reliant way, has shown a lot of initiative regarding his future and shows a particular strength in the field of public relations, especially as presenter/spokesperson. In 2017/18 he was part of the school team under the lead of our colleague Mr. Daniel Kohlhaas, StD, that participated in the German Entrepreneur Award, Germany's most prestigious acknowledgement of entrepreneurial excellence and achievement. He has contributed to the success of our project, the development and advertisement of an app used for price comparison. Mr. Widera and his team placed third in a field of 54 participants. Also, Mr. Widera participated as one of two students in a TV feature (WDR Lokalzeit) that depicted our school's as well as our students' preparations for the final exams during the Corona/COVID-19 pandemic.

He is able to comprehend new tasks and processes quickly, is reliable and always interested in a productive exchange to find solutions for new challenges along the way. If his achievements both in the classroom as well as in other fields mentioned above are any indication for her performance within your company, Mr. Widera will certainly turn out to be an asset for your organisation. We can recommend Mr. Widera without hesitation.

Kind regards,

*N. Biermeyer, StD' / T. Schmidt, OStR*
